Accelerator Participant Guide

UST - Cloud Practitioner Accelerator
June 20th to July 15th, 2022

UST Executive Sponsor

Muraleekrishnan Nair
General Manager– Global Head Cloud Infrastructure Services

About the Cloud Practitioner Certification

This credential helps organizations identify and develop talent with critical knowledge related to implementing cloud initiatives. Earning AWS Certified Cloud Practitioner validates cloud fluency and foundational AWS knowledge. Review the Exam Guide to learn more.
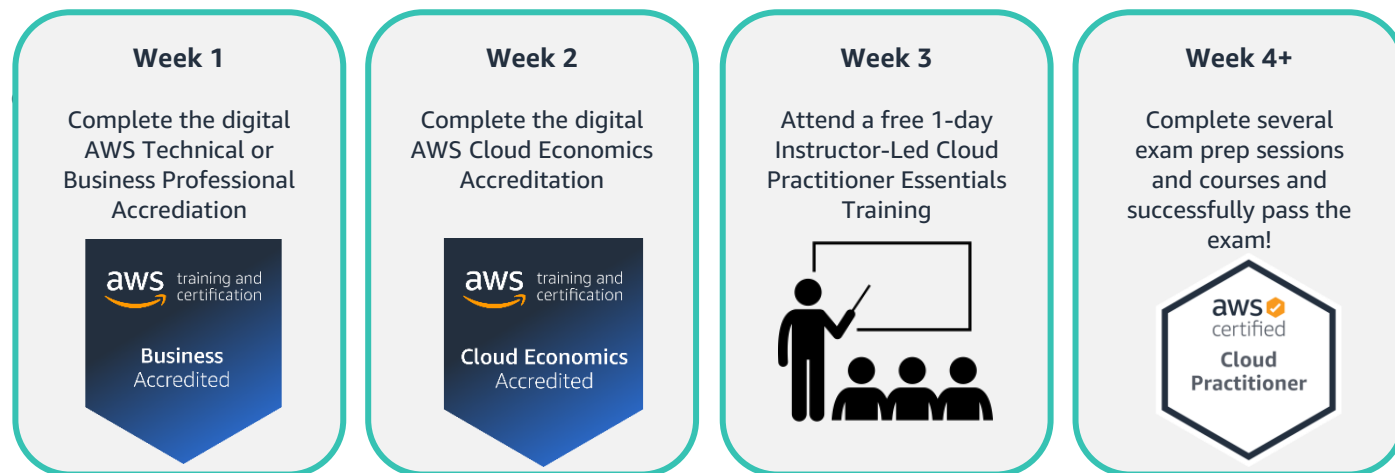

Accelerator Introduction

The UST Cloud Practitioner Accelerator training program is a tailor-made program for UST employees. The 4-week program will help you to learn everything you need to know to successfully pass the Cloud Practitioner Certification. All participants will earn two AWS Partner Accreditations and receive free instructor-led training and/or free digital training to prepare you to successfully pass the certification exam.

Prerequisites

There are absolutely **NO** knowledge-based prerequisites for the Cloud Practitioner Accelerator.
